I. Introduction

Physiotherapy Education while catering to the ever demanding need of technically qualified personnel at national and international levels will boost the career prospects of our students and will empower them with self – reliance, economic freedom and social commitment. Recognizing the shortage of adequately qualified and trained Physiotherapists and the overwhelming demand for them within the Country and abroad.

Mission

Our commitment is to provide excellence in physiotherapy education, to prepare physiotherapist who have a strong foundation in the basic and clinical sciences, and who demonstrate excellence in patient/client management, critical thinking and professionalism.

Vision

Excellence and innovation in education, clinical practice and research in physiotherapy, through strong academic, health care and community partnerships.

Objectives

The main objective of offering the basic B P T degree programme of 4 ½ years duration and MPT programmes of 2 years duration by our Colleges are to produce graduates having specialized knowledge in human Anatomy, Physiology and Clinical Sciences which will enable them to provide comprehensive Physiotherapy care to all age groups in all situations both in the hospital and in the community. By offering a well planned and well supervised clinical training programme, the students will be enabled and empowered to utilize the latest technological innovations to provide quality healthcare as well as to conduct result – oriented studies in various settings and utilize the research findings to improve the quality of physiotherapy. The course will also enable them to communicate effectively with individuals, groups, and members of any health care team in order to promote effective interpersonal relationship and collaborative work.
